Ranger DeadBolt™

**Ranger
Portabolt**

Portable housing of shackle-less lock that secures both doors' locking rods; Hardened steel alloy locking bar. Blends security and weight considerations.

**Ranger
Crossbar**

Portable housing of shackle-less lock that shields handle hub rivet necessitating separate cuts of locking rod. Features 'C' chaped crossbar with stainless steel.

**Ranger
PuckBolt**

Semi-permanent housing of shackle-less lock that retards movement of locking rod via hardened deadbolt rod. For owners serious about the rod not turning.

**Ranger
RollBolt**

Semi-permanent housing of shackle-less lock for securing roll-up doors. Recommended for guide cables over 3" from side.

**Ranger
Side Rollbolt**

Ideal semi-permanent housing of shackle-less lock to secure roll-up doors, allowing for most guide cables with full door roll.
